

Timely.
Accurate.
Affordable.

Corporate Payroll Services has been helping small and medium-sized businesses since 1991. With over 6000 clients in all 50 states, Puerto Rico and the U.S. Virgin Islands, we provide first-class, competitively priced payroll processing and exceptional, one-on-one service from knowledgeable payroll specialists.

Run your business. We'll run your payroll.

Comprehensive Payroll Processing with Personalized Service at a Fraction of the Cost

Time. Money. Peace of mind. You deserve a payroll partner that maximizes all three—not the opposite. With over 25 years of experience, Corporate Payroll Services knows how to pay your team and deposit your taxes both accurately and on time. Your payroll is our first priority, which means you can focus on what really matters most: growing your business.

Save Time...Your Most Valuable Resource

Eliminate the hassles of preparing checks, depositing taxes and filing quarterly tax returns, and spend more time driving growth and servicing your customers.

Have More to Invest in Your Business

You save because we constantly refine our processes while aggressively managing expenses so we can keep costs low and pass the savings along to you.

Don't Lose Sleep Over Penalties

Your tax deposits in our expert hands means the days of stressing over tax filings and costly penalties are a thing of the past.

Experience Service As It Should Be

Exceptional, personalized service at a reasonable price is possible. Live, dedicated and knowledgeable payroll specialists ensure your satisfaction.

Payroll

It can be done: Your payroll checks calculated, printed and delivered. On time. Right to your door.

You'll rest easy with low cost payroll preparation, tax reporting and timely payment of your federal, state and local payroll taxes. With your payroll tax forms and deposits handled professionally and efficiently, you won't worry about filings, penalties or late fees.

Simply enter your employees' payroll information via Internet, or send them to us via fax, or call your dedicated payroll contact, whatever works best for you.

Payroll Taxes

Corporate Payroll Services manages all your payroll taxes... for no extra charge.

Why risk the penalties for late payments to the Internal Revenue Service (IRS), state or local tax authorities?

Let us manage your payroll taxes for you. If we run your payroll, your taxes are handled free of charge.

Electronic Filing = Accurate and On Time

Don't mess with the IRS. We ensure your 940 (federal unemployment) and 941 (federal withholding, Social Security and Medicare) taxes are paid on time through the Electronic Federal Tax Payment System (EFTPS).

State and Local Withholding Taxes Handled

Regardless of your filing status—monthly, quarterly or other—we'll take care of your state and local taxes. Do you have employees in multiple states or employees residing in one state but working in another? No problem. We have you covered.

State Unemployment Tax: Done.

We file quarterly state unemployment reports on your behalf and forward tax payments along with these reports.

Service That Will Delight You

Experience Personalized Service and No Call Center Queues

You'll actually speak to a real person instead of experiencing long hold times and navigating through complicated phone trees. Imagine that. A primary point of contact with a backup team that ensures your payroll runs smoothly and on time. Yes, really.

Direct Deposit

Make Payday Less Stressful for You and Your Team

Payment Assured

Eliminate lost, stolen and misplaced checks. You don't have to worry if traveling, sick or vacationing employees got paid.

Multiply Your Time Saved

Forget the rush to sign checks on payday. Plus, you'll reclaim time and productivity because your employees won't be waiting in long bank lines to cash checks. Bank reconciliations become much easier too!

Predictable and Flexible

Employee pay is available first thing on payday. Direct deposit also allows each employee to allocate their pay into as many as four different accounts.

Like a Check, Only Better

The deposit advice supplies complete information on gross pay, withholdings, deductions and net pay distribution to bank accounts, just like a check stub. With our employee portal, employees can retrieve past pay stubs any time.

Learn More About All of Our Solutions

Check Signing and Stuffing

Signed, Sealed, Delivered

Have your signature pre-applied to your payroll checks, so you can be wherever you need to be on payday.

Employee Portal

Easy Online Access

With your permission, your employees can:

- Update their profiles and contact information
- Update state and federal tax withholding information
- View and print current and past check stubs
- View and print W-2 and 1099 tax forms

The Employee Portal rescues you from dozens of time-consuming payroll questions. Managers choose the information employees can see and change. They'll have a complete audit trail of changes, too.

Oh, by the way... it's no extra charge!

Comprehensive Reporting

Gain Insight into Your Business

You need solid information to run your business. In addition to comprehensive tax reporting, flexible, easy-to-understand reports provide for straightforward bank reconciliations, simplified accounting entries and critical insight into payroll-related deductions and payments.

Your accountant will like them, too.

We are
Corporate Payroll Services.

Run your business.
We'll run your payroll.
