It's the Law

In Georgia, employers with more than 10 employees must use E-Verify® to confirm that new hires are authorized to work in the U.S. In Alabama and South Carolina, **all employers** must use E-Verify®.

Corporate Payroll Services is excited to announce that we are an E-Verify® Employer Agent, authorized by the U.S. Citizenship and Immigration Service to verify the workforce in all 50 states.

We make E-Verify® easy! Relax and enjoy the peace of mind that your business is hiring only those employees who are eligible to work in the U.S. and that you are in compliance with the law.

How does it work?

1. Your new employee completes and signs Section 1 of the Form 1-9 and presents the required documents.
2. You complete and sign Section 2 of the Form 1-9 and send all of the required information to our E-Verify® team.
3. Our E-Verify® experts submit the information and confirm the new hire's eligibility.
4. We provide you with the authorization. If there is a problem with the verification, we guide you through the next steps.
