

Cover yourself and your family for non-emergency medical issues

for less than \$10 per month, with no copay

While it's not a substitute for comprehensive insurance, telemedicine offers...

Convenience

Get 24/7/365 access to a licensed physician by phone or video using mobile device, laptop, etc.

No long waits

Don't miss work in crowded waiting rooms, exposed to other sick people

Consultation

Speak directly with a physician, who will diagnose and prescribe medication, if needed

Lower cost

You and your family avoid the time and expense of ER and Urgent Care visits, and associated copays

Treatment

Cover common illnesses like bronchitis, nausea, fever, ear infection, UTI, sore throat, etc.

Care

Follow-up calls from nurse concierge 4 hours and 72 hours after the initial consultation

One low monthly fee covers your whole family

- \$9.95 per employee per month
